ABOUT ME

Enthusiastic and aspiring Data Analyst, eager to learn and grow. Interested in working with data, learning new tools like Python, pandas, and Power BI, and helping make data-driven decisions. Excited to join the Young Talent Program to gain hands-on experience and build my skills.

EDUCATION

2020–2025: Royal University of Phnom Penh (RUPP)
Bachelor of Computer Science

2021–Present: Institute of Foreign Languages (IFL), RUPP
Bachelor of Professional Communication

2025–Present: Tux Global Institute
Upskilling Program in Data Science and Analytics

SCHOOL PROJECTS

Power BI & Data Science Projects — Tux Global Institute, 2025

Cleaned and combined datasets; built relationships, hierarchies, and calculated columns; conducted data profiling, documented issues, and planned analyses following a full analysis workflow.
